## **ACTING CLASSES & INDUSTRY SEMINARS for Kids, Teens & Adults**

### **KIDS ACTING & IMPROV (grades 2 – 4) (\$60)**

**10:00 am – 1:00 pm**

We're going to be diving into the world of Acting & Improv! Starting at the very beginning, we'll see a one-minute monologue from each student and have personalized coaching for each child. We'll learn how to score a piece of text and build a dynamic and engaging character. Shifting into improv later in the class, we'll discuss how to create our own characters from nothing and build a scene using our newly developed characters.

### **TEEN AUDITION PREP & CHOOSING THE BEST PIECES (grades 5 – 12) (\$60)**

**2:00 pm – 5:00 pm**

Prior to class, Angela will hand select audition pieces for each student. We will be digging a little deeper into the world of professional auditions, discuss the AEA audition process and film/TV. We'll go through the types of pieces actors should be looking for and the skill set for them to be able to determine how to select pieces for auditions on their own. Attention will be given to each actor's piece to get it audition ready.

### **ACTING/PUBLIC SPEAKING SEMINAR (Young Adults, Adults & Parents) (\$45)**

**6:00 pm – 7:30 pm**

For those interested in sharpening their acting or presentational skills, we will be doing a "teaser" class using the fundamentals of Meisner. Listening techniques based in the idea that you are "living truthfully under imaginary circumstances". Helpful not only in acting & public speaking, but also in everyday life. You'll learn how to read someone, receive what they are saying, internalize that and then respond as it is appropriate within the scene.

### **(OPTION) Industry Seminar (Young Adults, Adults & Parents) (\$45)**

**6:00 pm – 7:30 pm**

In this seminar, parents and adults interested in the entertainment industry can sit down for a panel Q & A where we will talk about auditions for yourself or your child, agents, managers, headshots, resumes, classes, AEA, SAG, etc. We will also open the discussion for any questions.
