PROGRAM EXPECTATIONS

The SGP Philosophy

It is our belief that theatre is the cooperative venture of many talents and that every actor is a valued and essential part of any successful production. However, as directors, it is our task to determine the most appropriate role for every actor - for their individual success and the ultimate good of the show. It is a daunting task, with many factors playing a part in the final decision. Yet, we pride ourselves in fostering an attitude of mutual respect, where all actors work hard as a team and are always kind to each other. Without a cooperative spirit and shared sense of pride in the final outcome, a truly successful production would never be possible.
